Parkbury House Surgery

We planted 60 trees!

We're proud to be part of the NHS Forest!

We joined the NHS Forest and planted trees for our patients, staff and the local community in 2023-2024.

The NHS Forest supports healthcare sites to plant trees and develop green spaces.

Planting trees on healthcare sites creates better places to live and work. Trees provide privacy and seclusion for staff and patients, help to cool buildings, provide cleaner air, create habitats for native wildlife and store carbon.
